Profile

Dedicated MCA post-graduate with robust experience in different information technology fields. Eager to apply my technical skills and collaborative spirit in a dynamic environment contributing to innovative solutions and continuous improvement. Passionate about learning from industry while actively supporting team objectives to drive project success

Experience

BHEL Rudrapur (June 2023 | August 2023)

During this training period, I demonstrated exceptional proficiency and dedication in the development of critical modules for our operation ERP system, utilizing PHP for creating efficient frontend and backend components, with a special emphasis on the use of the Fomantic UI framework for frontend development. The contributions greatly enriched the functionality and reliability of our ERP system.

Global Info ventures (February 2024 | Current)

- Intern at Global Info ventures(NVIDIA Co-partner):Led the winning team in the Learnweb (an online course offering portal) project during the orientation program, showcasing strong leadership and collaborative skills.
- UI/UX Designer: Upgraded software user interface with artistic skills using Figma, enhancing user experience and visual appeal.
- Community Website: Led the team and created community website for trainees using NVIDIA DGX servers, integrating advance design and functionality. <https://github.com/NILESH0005/dgxcommunity.git>
- Technical Skills Enhancement: Gained proficiency in basic Linux and shell scripting, broadcasting technical expertise for project support and development

Project

TINDOG-: Developed a dynamic e-commerce platform, Tindog, specializing in premium dog products, showcasing entrepreneurial initiative and strategic vision. Designed and deployed a user-friendly website, integrating secure payment gateways.

Portfolio (UI)-: Crafted an aesthetically pleasing and intuitive user interface for my portfolio website, showcasing my design proficiency and attention to detail.

Education

Bachelor of Computer Application (2018 | 2021)

Uttaranchal University, Dehradun
